EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows: The abstract has been amended as shown below in order to remove informalities, including the presence of more than one paragraph, legal phraseology such as "means" and "said", and the presence of the phrases "according to the invention" and "the invention... relates to".

--Abstract of the Disclosure

Equipment (20, 20a) includes at least one electronic module (21) for the payload or the platform of a satellite (50) adapted to be supported by a structure (24) of the satellite, the satellite structure including a heat transfer system (44, 10) for transporting dissipated heat to a radiator (51). The equipment includes at least transfer devices (22, 30, 31, 34, 341-345) for transferring heat dissipated by the electronic module and connectors (28, 34, 35, 37) for connecting the transfer devices to the heat transfer system (10) of the structure in such a manner as to enable the supply of heat exchange fluid (16) to the transfer devices and the transfer of heat dissipated by the electronic module to the radiator. A satellite structure includes an arrangement of equipments and a communication system for satellites, with particular application to the new generation of satellites with electrical propulsion.--

2. The following is an examiner's statement of reasons for allowance:

The claims are allowed in view of applicant's argument that the phrase "at least one heat transfer means ... for transferring heat dissipated by the electronic module" should be considered to be a means plus function clause and interpreted as being limited to the disclosed structure, with reference to Fig. 4, and equivalents thereto.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Teresa J. Walberg whose telephone number is 571-272-4790. The examiner can normally be reached on M-F 8:00 - 4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Eric Keasel can be reached on 571-272-4929. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
